INTRODUCTION

PMO-Implementation Professional (PMO-IP®)

The GCC's trusted certification to build, transform, and certify PMOs.

Developed by the **Association of Global PMOs (UK)**, PMO-IP® blends global best practices with GCC national visions — giving professionals the **skills, tools, and recognition** to lead PMOs that deliver measurable impact.

More than a certificate — your pathway to trusted leadership in the GCC.

PMO-IP®

PMO-IP®

Build, Transform & Certify Your PMO – Step by Step

Certification by the Association of Global PMOs (AGPMO)

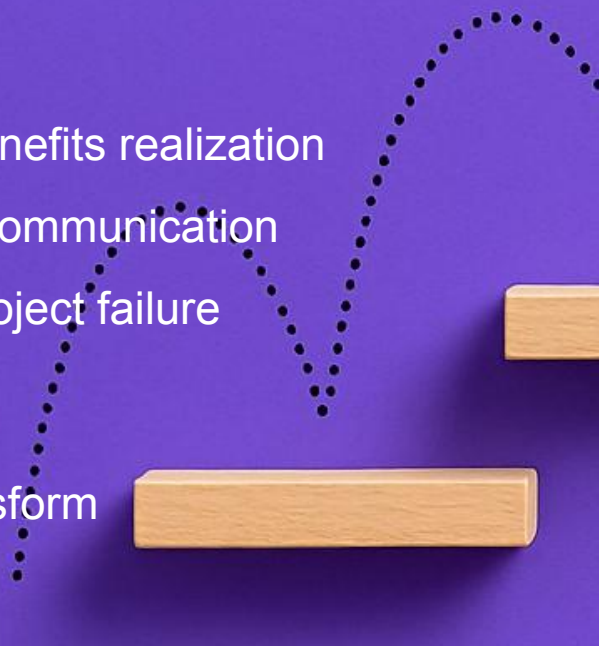
Why PMOs Matter Now in the GCC

The Gulf region is leading global transformation with bold national visions:

- Saudi Vision 2030 – giga projects, diversification, transformation
- UAE Centennial 2071 – innovation, sustainability, digital leadership
- Kuwait Vision 2035 – governance, smart infrastructure
- Oman Vision 2040 – institutional excellence, human capital
- Qatar Vision 2030 – sustainable and balanced development
- Bahrain Vision 2030 – competitiveness, fairness, sustainability

Delivering these ambitions requires Project Management Offices (PMOs) that:

- Align projects with national strategy
- Ensure governance, transparency, and benefits realization
- Improve cost efficiency, forecasting, and communication
- Enhance risk management and reduce project failure



The **PMO-IP® Certification** empowers professionals to design, implement, and transform PMOs that deliver results in line with these visions.

AGPMO

Why Choose PMO-IP®?

PMO-IP® is not just another course — it is a complete career and capability package:

- 25 hours of live bilingual training (Arabic & English)
- Simulation from start to finish – participants build a PMO step by step
- 50+ ready-to-use PMO templates
- Complete PMO case study developed during the course
- Student handbook aligned with the AGPMO 8-Step Framework
- Professional certificate issued by AGPMO, a UK-based nonprofit
- Exclusive access to AGPMO's knowledge base for graduates
- Volunteering opportunities to contribute to the global PMO community
- Delivered by an expert trainer with a strong support team during and after training
- Real case studies from GCC governments and international organizations

The Power of Certification

In the GCC, professionals and organizations face intense competition. Certification is no longer optional — it's a career necessity.

PMO-IP® is different because it proves capability, not just knowledge.

- **Career Growth** – qualifies you for leadership roles (Head of PMO, Portfolio Manager, Transformation Leader).
- **Practical Skills** – you graduate with tools, templates, and a case study portfolio.
- **Trusted Recognition** – awarded by **AGPMO**, the global nonprofit dedicated exclusively to PMOs.
- **Global + GCC Relevance** – international standards applied to Saudi, UAE, Kuwait, Oman, Qatar, and Bahrain projects.
- **Community & Support** – access to AGPMO's knowledge base and volunteering opportunities after certification.

This is more than a certificate. It is your badge of trust and capability in the GCC market.

AGPMO

Learning Outcomes

After this course, you will be able to:

- Establish and develop PMOs aligned with strategy and national visions
- Identify **success and failure factors** in PMOs
- Conduct **environmental & maturity assessments**
- Design **PMO services, governance structures, and roles**
- Apply **change management** to overcome resistance
- Use **Agile and flexible approaches** for early value delivery
- Build **dashboards and reports** that support decision-making
- Support organizations in **training, mentoring, and methodology management**
- Review and evaluate projects/programs for compliance and performance
- Rescue failing PMOs and transform them into **value centers**
- Apply **AI, Agile, and OKRs** to modernize PMOs

COURSE STRUCTURE

1 **Introduction & Course Overview**
- Kick-off the simulation case study
- Understand the AGPMO 8-Step Framework

2 **Module 1 – PMO Fundamentals & Step 1**
- Types of PMOs & their value
- Common reasons for success & failure
- Step 1: Define the PMO's purpose, vision & objectives

3 **Module 2 – Step 2: Environmental Analysis**
- Assess organizational maturity
- Stakeholder & culture analysis
- GCC & global environmental challenges

4 **Module 3 – Step 3: Service Design**
- Design PMO services linked to strategy & benefits
- PMO's role in methodology & contract management

5 **Module 4 – Step 4: Structure, Roles, Capabilities & Governance**
- PMO structures, roles & competencies
- Role in training, mentoring & team development

6 **Module 5 – Step 5: Governance Tools & Dashboards**
- Develop dashboards, reports & KPIs
- PMO's role in project/program reviews

7 **Module 6 – Step 6: PMO Implementation**
- Change management & overcoming resistance
- Applying the Agile mindset to PMO implementation

8 **Module 7 – Step 7: Service Expansion & Feedback Loops**
- Scaling services as the organization grows
- Building knowledge management & feedback systems

9 | **Module 8 – Step 8: Continuous Development**

- Maturity models & benchmarking
- Institutionalizing lessons learned

10 | **Module 9 – Augmented Topics: AI, OKRs & Agile PMO**

- Using AI & automation in PMOs
- Aligning with OKRs for strategy execution
- Agile PMO models in modern organizations

11 | **Conclusion & Closing Notes**

- Present your final PMO case study
- Reflect on lessons & apply them to your workplace

What You Will Receive

- **Course Student Handbook** – step-by-step AGPMO framework
- **Electronic Copy of the AGPMO PMO Standard** – the official global reference for PMO implementation
- **50+ PMO Templates** – dashboards, reports, governance tools
- **Complete PMO Case Study Portfolio** – developed during simulation
- **PMO-IP® Certificate** – issued by AGPMO, UK-based nonprofit
- **Exclusive Knowledge Base Access** – for graduates only
- **Volunteering Opportunities** – to give back to the PMO community
- **Continuous Support** – professional trainer + dedicated team before, during & after training

AGPMO

Course Methodology

- **Duration:** 25 hours (10 evenings × 2.5h)
- **Format:** Live Virtual via Zoom
- **Languages:** Arabic & English
- **Approach:** 20% theory, 80% practice
- **Learning:** Continuous simulation, GCC/global case studies
- **Assessment:** Final exam + assignment (case study)
